## HOW EASTERN FRONTIER CAN HELP

Eastern Frontier does not directly provide shipping services. However, we can recommend vetted companies familiar with our location, terrain, and our expectation to make every transaction as smooth as possible. Whether shipping regionally, nationally, or internationally, they are familiar with the process and have the answers to your questions. For our international customers please note the Custom Broker Service section on this page, where you can find selected companies that will look after all the paperwork required for US border crossings. For a quote, request the following information below from our sales team, which will get you one step further towards having your purchase in your possession as quickly as possible.

## INFORMATION FOR THE SHIPPING COMPANY

- Origin (include city/country/area code);
